

# Table of Contents

## 1. Introduction

Study Purpose.....	Page 2
Review of Previous Plans and Studies.....	Page 6

Map 1.1: Corridor Study Area

## 2. Existing Conditions

Existing Land Use & Development Patterns.....	Page 2
Major Trip Generators.....	Page 5
Existing Roadway Characteristics.....	Page 11
Economic Conditions and Demographics.....	Page 23
Natural Features & Historic Resources.....	Page 27
Infrastructure.....	Page 33

Map 2.1: Existing Land Use

Map 2.2: Major Trip Generators

Map 2.3: Buncher Company Properties

Map 2.4(a): Roadway Characteristics Segment 1A

Map 2.4(b): Roadway Characteristics Segment 1B

Map 2.4(c): Roadway Characteristics Segment 2A

Map 2.4(d): Roadway Characteristics Segment 2B

Map 2.4(e): Roadway Characteristics Segment 3

Map 2.5: Number of Households by Census Block (2000)

Map 2.6: Natural Features

Map 2.7: Agricultural Resources

Map 2.8: Infrastructure

## 3. Future Conditions

Methodology.....	Page 2
Projected Development Scenarios.....	Page 5
Two-Lane Capacity Analysis.....	Page 18

Map 3.1(a): Development Scenarios Segment 1A

Map 3.1(b): Development Scenarios Segment 1B

Map 3.1(c): Development Scenarios Segment 2A

Map 3.1(d): Development Scenarios Segment 1B

Map 3.1(e): Development Scenarios Segment 3

## 4. Needs Assessment

Methodology.....	Page 2
Needs Assessment.....	Page 8

Visual Simulation 1: Future Vision for the State Route 31 Corridor  
Visual Simulation 2(a): Potential Development Area- Existing Conditions  
Visual Simulation 2(b): Potential Development Area-Effects of Uncontrolled Development

## 5. Implementation Plan

Future Land Use Plan.....	Page 2
Implementation Matrix.....	Page 5

Map 5.1: Priority Projects

## 6. Appendices

Appendix 1: References

Appendix 2: Public Meeting One Summary and Exit Survey Results

Appendix 3: Public Meeting Two Exit Survey Results

Appendix 4: Public Meeting Three Exit Survey Results

Appendix 5: Property Owner Survey Results
